

**PASSPORT
SERIES**
New horizons in universal design

- Choose from 5 wood species, 19 popular doorstyles and more than 40 furniture finishes
- 180 degree opening hinges for barrier-free access
- Integrates with KraftMaid's standard cabinetry for maximum design flexibility
- Tall units are standard 84" high for easy remodeling
- 32 1/2" high base cabinets furnished with one roll-out tray
- Unique sink base conceals plumbing, yet allows easy access for maintenance
- Cooktops can be installed at any height
- Dishwasher and oven raised for access from seated position, yet comfortable height for any one
- Fully-lighted interior option with acrylic see-through shelving
- Pull out table, roll-up door and base microwave cabinet plus dozens of other options
- 9" high, 6" deep toe kick raises cabinet floor and allows easy passage for wheelchair users

The only cabinet certified for Universal Design by an independent testing laboratory.

For all your needs

Marsh Furniture has met specific needs for your home for over a century. We continue to do this in today's universally diverse world by offering you many styles and finishes to choose from in your quest for independent and barrier free living.

We offer 8½" high and 6" deep toe kicks which raise the cabinet floor and allow for easy passage for wheelchair users. Our hinges are 180 degree opening for barrier free access. Variable cabinet heights integrate with Marsh's standard cabinetry meeting your specific needs without sacrificing style.

Our cabinet options and features meet ADA and KCMA requirements and enhance accessibility for every room in your home.
